

# WATCH BAND MEASURING GUIDES

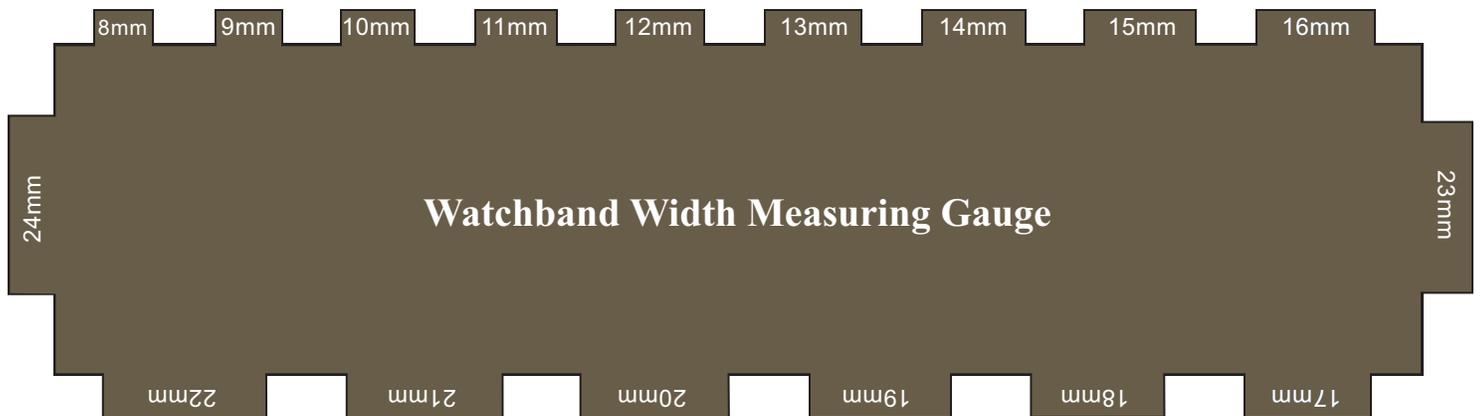

Please **PRINT** this screen in order to ensure accurate measurements.

*Measurements taken from the screen will not be accurate.*

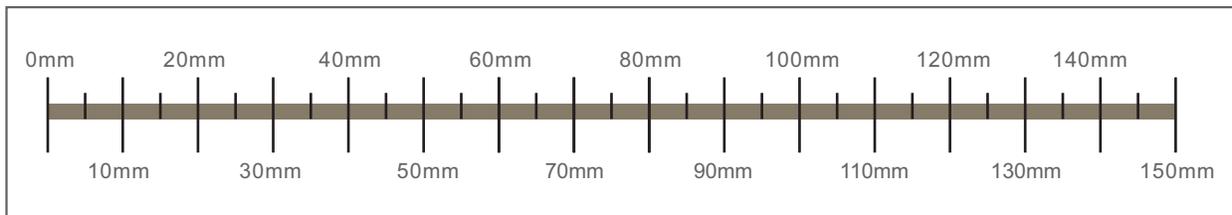

1. Select "Print" from the edit menu.
2. Uncheck "Shrink oversized pages to fit" and set "Page Scaling" to none in the dialog box.
3. Select "Print"
4. Measure either the one inch test marker or place a U.S. quarter over the circle below to ensure it printed correctly. If the test marker is less than one inch or if you cannot see the printed outline of the quarter, please go back to step one and make sure the proper settings are unchecked in the printer dialog box.

You should be able to see this ring all the way around this quarter when it is placed here. If you cannot see the ring, please go back to step 2.

## STRAP LENGTH MEASUREMENT TOOL

## INCHES TO MILLIMETERS

INCHES	MILLIMETERS
1 1/5" (1.18")	30mm
1 1/10 (1.10")	28mm
